#### PLAN OF DEVELOPMENT/REDEVELOPMENT PLAN

#### **Introduction:**

The purpose of the subject plan is to set forth the scope of modernization work to be undertaken by the West New York Housing Authority under a proposed five million seventy five thousand dollar (\$5,075,000) bond issue; and the plan for financing same.

#### The Scope of Modernization work to be undertaken:

The scope of the modernization work to be undertaken consists of masonry restoration work at all of the Authority's eight (8) Public Housing Projects; the renovation and modernization of dwelling unit bathrooms in all units of the Authority's 101-unit F.D.R. Building and 196-unit Kennedy Tower Building; and the development of a recreation center and playground at the Authority's Sunshine Gardens development. The use of bond fund proceeds to cover the cost of completing these needed and long-deferred work items will provide us with the means of accelerating such work.

#### The Plan for Financing the Above-Stated Modernization Work:

The West New York Housing Authority proposes to use a portion (approximately \$407,231) of our annually appropriated Capital Funds to pay debt service on a 20-year fixed rate tax-exempt bond obligation totaling \$5,075,000 which would be issued by the Authority through a public offering using the capital markets. The bond proceeds would be used to fund the cost of the above-stated modernization upgrades, the A/E service fees related to such work, and the bond counsel and underwriting fees related to financial services required with regard to the subject bond issue. The bonds would be secured by a pledge of the Authority's annual HUD Capital Fund appropriations over the 20-year life of the bonds. The Authority would establish the required debt service reserve fund.

The underwriter will assist the Authority in structuring the bond transaction and its creditworthiness and offering the bonds for sale to the public. Bond counsel will be responsible for preparing the bond resolution, trust indenture and other documents required to authorize the issuance of the bonds; and for delivering the needed opinion regarding the exemption of interest income on the bonds from federal and state taxes, etc.

The \$5,075,000 in bond proceeds would be budgeted as follows:

Masonry Restoration (Palisade, Park East, Sunshine, Pizzuto,	
Otis, McGowan and Kennedy projects)	\$1,913,140.00
Development of recreation center at Sunshine Gardens	\$ 150,000.00
Development of playground at Sunshine Gardens	\$ 510,000.00
Bathroom renovations and modernization at F.D.R. Building	\$ 800,000.00
Bathroom renovations and modernization at Kennedy Tower	\$1,200,000.00
A/E services on above work items @ 7%	\$ 325,360.00
Underwriting and bond counsel fees (2% of bond issue)	\$ 101,500.00

TOTAL: \$5,075,000.00

#### WEST NEW YORK HOUSING AUTHORITY RESIDENT SURVEY FOLLOW-UP PLAN – SAFETY SECTION

The following corrective action is being taken to address problem areas identified by the aggregate results of our first annual Resident Service and Satisfaction Survey – Safety Section.

The West New York Housing Authority (WNYHA) administers an ongoing Public Housing Security and Drug Elimination Program. Under such program we use a comprehensive security and preventive-based approach to attack drug-related crime and other types of crime in our Public Housing developments, and to improve the overall living environment within such areas.

We use private security patrols and community policing patrols to assure the safety of residents in our housing developments. In addition, we provide our on-site drug prevention activities and drug awareness education programming. We also emphasize training and employment of residents, and provide community space for resident educational, training, social and recreational activities.

Our private security guard patrols have proven effective in deterring drug-related crime in and around our targeted housing developments.

Our on-site Drug Prevention Program is designed to provide public housing youths (including young adults) with alternatives to involvement in drug-related behavior. The results of this program have been most positive.

The effectiveness of our community policing efforts in controlling drug-related crime in the targeted areas is evidenced by the decrease in crime therein over the past three years. The community policing patrols are being provided by the West New York Police Department on the peripheries of all of our public housing developments. This police presence serves as a major deterrent to drug-related criminal activity in the targeted areas. The community policing patrols are coordinated with and enhance the Housing Authority's security patrols.

In addition to said community policing patrols, the West New York Police Department (WNYPD) also continues to supply the Authority's residents with vehicular patrols on the peripheries of the housing developments, investigative services, undercover operations, and response to calls for police services as a result of illegal activity, real or apparent; juvenile aid services; on-site drug awareness and crime prevention educational services; provision of necessary assistance to the Authority in the enforcement of its "One Strike and You're Out Policy"; and provision of assistance to Crime Watch Program groups.
